

Greetings From Breakers Water Park!

As a Season Pass holder in 2008 we just wanted to drop you a line on the updates for the 2009 Season. First off, our *new attraction* has completed its testing and is ready to go for 2009. This is unlike any other attraction at the park. There is a 48 inch height requirement due to the intensity and thrill of this attraction. There will be pictures of the slide coming soon to our website. More good news, we have doubled our lounge chair capacity, as well as table seating throughout the park. And finally, we will have a new updated entrance for 2009.

Many of us are feeling the effects of this tough economic time so our staff will be more committed than ever to ensure that your visit to the park will be an enjoyable and relaxing experience. At days end, we know you will be happy that you had spent the day at Breakers.

This year we have made the Season Pass an even greater value with greater savings. There are several reasons for this.

- 1) When you purchase your Season Pass, **you will receive a 2009 Entertainment Guide Coupon Booklet**, good for savings throughout Pima County. One book per family--**a \$40.00 value Free**. There are thousands of dollars in savings using the coupons inside. In no time, you'll get back the money you spent on your Season Pass by using the Entertainment Guide coupons. (offer good to the first thousand families who purchase their season passes).
- 2) We are offering the same super discount to you on our Season Pass. Our \$74.95 Season Pass can now be purchased for \$44.95. We plan to be open 75 days this year for you to utilize the Season Pass. That's 60 cents per day to enjoy the water and relax in the sun.
- 3) Every Wednesday throughout the Season is a designated Season Pass VIP Day. When you visit the park on Wednesdays, you will receive a special gift or premium just to say Thank You for being a Season Pass supporter of Breakers Water Park. It may be a complimentary inner tube rental, or a complimentary large drink from the food stand, or bring-a-friend free day or a giveaway from one of our vendors.

This year with your Season Pass to Breakers Water Park, you'll enjoy more fun, savings and greater benefits than ever before.

Sincerely,

Steve Miklosi
General Manager
